

M406 MICR Printer

Fast printing and features like duplexing **make check printing easy and efficient** for small to medium-sized businesses. HP printers have the industry's strongest security because they're always on guard, continually stopping threats while adapting to new ones. And only HP printers can automatically self-heal from attacks. Get HP's award-winning security combined with optimized functionality from TROY.

The World's Most Secure Check Printing

The operating code (BIOS) is automatically checked during startup and repairs itself if compromised.

Common Criteria certified to continually monitor memory activity to detect and stop attacks in real time.

Firmware is automatically checked during startup to determine if it's authentic code—digitally signed by HP.

The printer's outgoing network connections are inspected to stop suspicious requests and thwart malware.

Standard HP LaserJet Printer

Enhanced TROY Printer

Print Secure Checks In-House

Eliminate security risks of preprinted check stock. Add your logo, payee, signature, and MICR line. Also works with preprinted check stock to protect the payee and amount from alteration.

MICR Fonts

Security fonts designed for optimal reading and minimal errors.

Efficiency & Security

Reduce manual logging and chain of custody protocols. Plus **use one stock across multiple accounts by adding the MICR line at the point of issue.** Built-in tray locks and steel shielding protect check stock.

MICR Toner Secure™

The World's Most **Fraud Resistant** MICR Toner™, full standard yield cartridge included.

Quality & Reliability

MICR fonts created specifically for secure check printing. Patented MICR toner features **high adhesion and rigorous quality testing** to ensure a strong MICR signal. The only HP approved OEM MICR Toner on the market.

Paper Tray Locks

Printer specific, built-in locks prevent paper theft by refusing unauthorized access. (optional)

 Duplex: Automatic
 Duty Cycle, Monthly: Up to 100K Pages
 Monthly Volume: 900 - 4,800 Pages

Included with Every TROY MICR Printer.

The World's Most **Fraud Resistant** MICR Toner.™

The patented anti-tamper technology **prevents check alteration by adding a layer of security to your printed checks.**

Fraudsters will typically alter the payee and/or the amount. This hidden layer of security has a **red dye that is released if chemical alteration** is attempted, voiding the check.

Did you know we also offer...

Digital Signatures & Logos

Print signatures, logos, forms and company graphics on checks, letterhead, or any other printed document generated on a TROY Printer. Provides a high quality, convenient solution to streamline your check printing workflow.

Blank Check Paper

Built-in security features to prevent copying, alteration and counterfeiting, while complying with financial requirements for check imaging and clearing. **Offering 3 levels of security: Security, Security Plus, and Fortress**

Formax Finishing

Tired of hand folding and hand stuffing envelopes? **Eliminate this process by implementing industry leading folders, sealers, and inserters** to speed up your check printing process while saving money from costly mistakes.
